

Hi Rob,

Andrea is delighted with her "new teeth"

We are too!

We are finding that her speech is clearer, and it appears easier for her to eat.

We do appreciate that you suggested this for her; and also appreciate the care and kindness that you and your staff always show her. She is her "own person" and she loves to come to the dentist!

Thank you again for your great job, and for being there for us.

Sincerely,

Lowell + Janet + Andrea
